

Town and Country.

Percy Jarmon of Butter creek was in to see the tax man Tuesday.

Walter Becket was in town from his Eight Mile ranch Wednesday.

J. B. Sparks, local theater man, went to Pendleton on business Wednesday.

Mr. and Mrs. Clifford Rugg of Rhea creek were Heppner visitors Wednesday.

E. G. Haverstick, Rhea creek farmer, was a Heppner business visitor Tuesday.

Dance Saturday night at the Opera House. Fine orchestra music. Tickets 50 cents.

Ed Duran was up from Lexington Wednesday attending to some matters of business.

Mr. and Mrs. Victor Wigglesworth of Butter creek spent a few hours in Heppner Tuesday.

B. P. Doherty, pioneer sheepman of the Sand Hollow country, was in Heppner on business the first of the week.

Ed Buschke, Eight Mile farmer, motored in from his ranch Tuesday and spent a few hours here on business matters.

Mrs. George Sperry, who has been quite sick the past few weeks, is slowly improving, according to the report of her physician.

Walter Luckman of Lena was a business visitor in the city Wednesday and this office acknowledges a pleasant call from him.

Henry Stender and E. H. Turner of Ione were among the many out of town visitors who transacted business in Heppner Tuesday.

\$1000 cash buys 160 acres, all tillable, all lays good. 3 1/2 miles east of Cecil, Ore.

B. C. MILLER, Waitsburg, Wn.

Adam Knoblock of Rhea creek was transacting business in Heppner the first of the week. Adam says crop prospects are mighty good in his section.

Mrs. Willis C. McCarty has returned to her home in Portland after spending two weeks with her parents. Mr. and Mrs. E. F. Campbell in this city.

Henry Vance writes to have his Gazette-Times directed to him at 284-10th street, Astoria, Ore. Mr. and Mrs. Vance have now taken up their residence in that city.

Tom Driskell Jr. is slowly recovering from an injured back, which he received two weeks ago, while doing some heavy lifting on the Jas. Hayes ranch on Rhea creek.

Patrick Farley was up from Willows Sunday.

Mr. and Mrs. Albert Bowker went to Portland Saturday.

H. S. Ewing, of Ewing, was a Monday visitor in Heppner.

Bert Johnson was a Saturday business visitor in Heppner from Ione.

Richard Peterson was in from Eight Mile Saturday on business.

J. H. Loomis of The Dalles was a Heppner business visitor this week.

Percy Hughes of Butter creek was a Monday business visitor in Heppner.

Wanted—Woman or girl for general housework. Apply at this office.

F. R. Brown, county agriculturist, is fitting up an office in the Robert's building.

Wanted: Experienced man to work in Sausage Department in packing plant. Inquire at this office.

Leo Murphy, prominent young stockman of Condon, was a business visitor in Heppner this week.

Myles Martin of upper Willow creek was in the city the last of the week after some ranch supplies.

Werner and Ed Reimann and Jesse Dobyns, young men of Ione were Heppner visitors Saturday.

City Marshal Clark has picked up a good mackinaw which the owner may have by applying to Mr. Clark.

Mr. and Mrs. O. C. Stephens were week end visitors in Heppner from their farm home on McKinney creek.

Hugh L. Stanfield, Stanfield sheepman, was in Heppner this week looking after the Stanfield interests in this section.

Mr. and Mrs. French Burroughs of Rhea creek were in the city Monday. Mr. Burroughs coming up to interview the income tax man.

Mr. and Mrs. Jesse O. Turner were visiting in town over Sunday. They have just completed a nice new home on the Turner farm, north of Swagart buttes and moved into the same.

J. C. Ballinger, accompanied by Mrs. Ballinger, came over from Boardman Sunday to attend a meeting of the county council of defense in this city. Mr. Ballinger being a member of the council.

Mr. and Mrs. J. H. Brown and small son of Portland are guests at the Tom Boyd home in Heppner this week. Mr. Brown works for the O. W. R. & N. Co. and was fireman on the local branch about four years ago.

NOTICE.

All lamps from 10s to and including 40s will hereafter be charged for at the rate of 30 cents apiece instead of 25 cents.

Heppner Light & Water Co.

S. E. Moore, Ione furniture dealer and C. M. Schriver, well known farmer of the same section spent Monday night in Heppner. They came up to pay their respects to the income tax man, and to find out just how much money they have made during the past year. They returned home Tuesday morning.

J. Spencer Crawford, Gazette-Times foreman, went to Portland Tuesday, where he will have an operation performed on his foot by a specialist. The foot trouble has been causing him grief for more than a year and he hopes that an operation will effect a permanent cure. He expects to remain in Portland two weeks and longer if necessary.

W. A. McClintock was over from Gooseberry Tuesday, trying to get an interview with the income tax man. Owing to the big rush he was unable to see the official and will return later. It has been too wet for doing any farm work in his locality this winter and as a result but little plowing and seeding has been done so far.

Ernest Heliker, accompanied by A. M. Zink, was in Heppner on Tuesday. Mr. Heliker is a prosperous young farmer of the Ione section and will have a crop of about 400 acres this season. He states that grain in his locality is coming along well and promises a big yield, though there is a chance yet that freezing weather might do some damage. Much grain remains yet to be sown, and weeds are growing to beat the band.

A. Henriksen, alfalfa farmer of Cecil, was in Heppner over Monday. He had just returned from a trip to Prineville, where he picked up a bunch of cattle that will be placed on his Cecil property. While at Heppner, Mr. Henriksen looked over a few bunches of cattle on which he made offers and he may be able to add to the number he desires to put on his ranch from this locality. He will place about 150 head of cattle on his Cecil place.

SUBJECT

"Over the Top for A Dry America."

ADMISSION FREE

Do you know that 88 per cent of the territory of the United States has been voted dry? 61.26 per cent of the population of the United States has adopted Prohibition. Out of 3,012 counties in the United States, 2,374 are now dry. Twenty seven states have adopted state-wide prohibition.

EYE SERVICE

To a large extent your eyes automatically adjust themselves to different conditions of vision—far, near, etc., also to varying degrees of light. Perhaps you can see to read by the light of the full moon and likewise by the noonday sun, yet the one is over a million times more luminous than the other. When your eyes begin to fail a pair of suitable glasses will restore them to their former usefulness.

MODERN FARM MACHINERY

This year bigger crops with less labor are required of the American farmer. Where machinery can replace the men who have gone to the front, its purchase is of unusual importance.

In conformity with its established policy of extending every possible assistance to farmers, this institution welcomes consultation with reference to the purchase of necessary farm machinery.

JUST WHAT DOES THE EDISON TONE TEST DEMONSTRATE?

THIS is an effort to explain in simple lucid language exactly what the Edison tone test demonstrates. When you have read it we want you to have as clear an idea of just what the test signifies as though you personally had witnessed one.

We have repeatedly asserted that in the New Edison the great inventor had perfected a device which Re-Creates the artist's voice with such complete fidelity that no human ear can detect the slightest shade of difference between the living artist and the inanimate instrument. The tone test is conducted merely for the purpose of proving the truth of this statement.

The demonstration is simple in the extreme. The instrument is placed upon the stage; an artist stands beside it. The instrument begins to render one of the singer's own songs. After a few moments the artist begins to sing the same song with the instrument. Suddenly the singer ceases and the New Edison continues alone. Can you distinguish the difference? That is the question.

Over 1500 of these tone tests have been staged. Over 30 great stars: Anna Case, Marie Rappold, Marie Sundelius, Alice Verlet, Thomas Chalmers, Arthur Middleton, Giovanni Zenatello and others of similar eminence have participated in them. Of the more than 2,000,000 people who have been present not one has been able to detect any difference between artist and instrument; between a singer's living voice and the New Edison's Re-Creation of it. With the lights lowered to hide the singer's

lips not one of the 2,000,000 has been able to say when the singer ceased and the instrument continued alone.

In plain, everyday English the foregoing is a description of an Edison tone test. These tests have convinced more than 2,000,000 people that Thomas A. Edison

has achieved what was believed to be impossible. We are publishing this not only to convince you of the truth of our assertions about this incredible instrument but also to urge you to call at our store and learn for yourself what we mean by the phrase "Music's Re-Creation."
